

Creative Roll Call Ideas

Roll Calls are monotonous and hold no interest for a club member after he or she has responded with the time-worn "here" or "present." Some variety and life can be injected in the roll call by varying the method of response. There are many benefits in being creative with the roll call. Interest is held, everyone has a part in the program, and it permits shy members to take part and build confidence.

A creative roll call sets the mood for a fun meeting.
