WELCOME LINDSAY, OUR SUMMER INTERN!

Hello, my name is Lindsay Augustine, and I am super excited to work with the Central Kansas District for this summer. I am from a small town out in Western Kansas called Ellis. I grew up on a farm and have a love for cattle. I will be starting my Junior year at Kansas State University this fall majoring in Athletic Training. I was very involved in FFA throughout my high school career, while serving as President for two years and competing in multiple career development events. I am currently the student athletic trainer for the Kansas State Volleyball team but will get moved to a different athletic team for the fall. This summer I look forward to meeting all of the 4-H members, parents and community volunteers in the district. If you see me around don't be afraid to come and introduce yourself! Once again, I am super excited for this summer and the opportunity to learn with the Central Kansas District.

~ Lindsay Augustine

DISTRICTWIDE YOUTH SERVICE DAYS

Youth Service Days are here! On June 8, starting at 7:30 a.m., the Ottawa County Fairboard will be coordinating the cleaning out of the storage area in the hog barn, fixing a few bleachers, and staining the fence. On June 9, from 2-4 p.m., the District will be doing a service project at Dignity Home Care in Salina. On June 10, from 9-11 a.m. we will have another service project at the Ottawa County Health Center. An email was sent with the details. The District 4-H Council would like participants to RSVP online with the registration link sent in the email.

NEW FAMILY MEETING SCHEDULED

The biggest event of the 4-H year is just around the corner...4-H FAIR TIME! Are you ready? Are you confused about what to do? Do you have questions about how things work and what you need to know? Want to eliminate stress during the Fair? We're here to help! Any 4-H Family that has limited or no experience at either the Tri-Rivers Fair or Ottawa County Fair is invited to attend an online meeting, **Wednesday, June 19 at 6:30 p.m. Please RSVP online by Monday, June 17** by going to the District website, <http://www.centrankansas.k-state.edu/4-h/> and a link for the online registration can be found under Upcoming Events and Online Registrations. The directions for connecting to the web meeting will be emailed out to those who register. Those who register after the deadline will need to pay attention to the message after they hit the submit button as the directions will be displayed at that time.

At this meeting, we will be reviewing fair pre-entries, rules on all exhibits, and tips on how to get the most out of the event without stressing out the entire family! There will be a livestock expert on hand to answer all those technical questions about the animal exhibits. Set yourself up for success-bring your questions, and we'll find you the answers. Since the FAIR is such a great learning opportunity, we want to make sure all 4-H'ers have a positive experience at what usually becomes everyone's favorite part of the 4-H program-the County Fair.

OZ-SOME 4-H CAMP

Letters were mailed to campers and emails were sent to counselors the week of May 26.

The Amazon online shopping company has a program where 0.5% of your shopping transaction is given to a charitable recipient. The Saline County 4-H Development Fund and the Saline County Fair Association are on the list of registered fund recipients. To use this program, customers must log in through <http://www.smile.amazon.com> and then select the organization they would like the program to benefit.

COUNTY FIRE BANS AND ROCKET LAUNCHES

This is a reminder about Kansas 4-H Rocketry rules as they relate to fire bans in Kansas. While much of Kansas has received good recent rains, the situation can change very rapidly. The 2019 Kansas State Fair rules state "if a fire burn ban is in effect for any county in Kansas, exhibitors in any Kansas county are not required to launch their rocket(s). All requirements for the launching of rockets for the state fair and the documenting of the launching are suspended for the duration of the ban." We advise all counties to be cautious and use good judgment in planning and conducting rocket launches, and consider cancelling them if dry conditions warrant.

FAIRPAPERS

The fairpapers for the county fairs have been posted online. Go to <http://www.centrankansas.ksu.edu/4-h/county-fairs>.

THEME FOR COUNTY FAIRS:

Country Nights & Carnival Lights

ATTN: FOOD EXHIBITORS

For Food safety purposes, any food with custard and dairy based fillings and frostings (ex. cream cheese), raw eggs, flavored oils, "canned" bread or cakes-in-a-jar, cut fresh fruit, or any food requiring refrigeration (ex. bacon) or unbaked exhibit with raw flour (ex. no bake cookies) must be entered in a perishable class and will not be accepted at the State Fair. ***Note: The raw flour rule only applies to exhibits made with any type of flour that is not baked. This rule is due to the many recalls that have been occurring with raw flour. This rule does not apply to no bake cookies made with oatmeal, cereal, chow mein noodles, etc.**

4-H PHOTOGRAPHY ITEMS TO REMEMBER FOR FAIR

If you are enrolled in photography, please make sure you understand the information below as you prepare for the county fair.

- Photographic subject matter is expected to follow 4-H standards. For a sense of prohibited subject matter, review the Kansas 4-H member Code of Conduct; in general, if it is not allowable at a 4-H event, it is not allowable in a 4-H photograph at the State Fair.
- Photos with live subject(s) on railroad right away or taken from railroad right of way property will not be displayed in Kansas 4-H Photography.
- Copyright protections must be observed.

Decisions as to display and/or penalties will be made by the Photography Department Superintendent and the 4-H Specialist responsible for the photography department.

FIVE MYTHS ABOUT COMPETING AT THE COUNTY FAIR

As we begin the countdown to the county fair, let's focus on what 4-H is all about. Listed below are some common myths heard before, during, and after the fair.

#1 – THE FAIR IS THE MOST IMPORTANT PART OF 4-H.

The fair is one highlight of the total 4-H experience, but it is not necessarily the most important. The goal of 4-H is to learn new skills and share what you've learned with others. The fair is an opportunity for 4-H'ers to measure their progress and skills against accepted standards.

#2 – JUDGING STARTS WITH THE PURPLE RIBBON.

Not true! Judging begins at the red ribbon level.

#3 – I HAVE TO WAIT UNTIL THE NIGHT BEFORE THE FAIR TO FINISH MY EXHIBIT.

It will reduce stress in your life if you plan ahead and finish those things that can be done ahead of time. Make a list of entries, equipment, supplies, and clothing you will need to take with you to the fair and then check it off the list as you load it into the car.

#4 – THERE IS ONLY ONE WAY TO DO THINGS – THE “4-H WAY.”

The fair is a learning event. There is often more than one way to do something. As long as your way is appropriate and you know why you did it that way - - it's okay!

#5 – THE JUDGE IS OUT TO GET YOU.

A judge is a human being, hired to give their evaluation of exhibits on a given day. You may not agree with the judge, but by choosing to participate as an exhibitor, you are agreeing to have another person evaluate your exhibit. Learning to accept criticism graciously is part of good sportsmanship.

CAN PROJECTS BE MADE AT SCHOOL?

Concerned about managing time and resources? You might consider combining 4-H and school projects, however, a few guidelines must be considered before combining, as a definite “yes” or “no” cannot be given across the board for all projects. To legitimize the option of projects serving dual roles answer the following questions:

1. Will you plan ahead of time to correlate the projects for better use of time and money?
2. Will the 4-H project you are enrolled in have a similar suggested learning requirement as your school class project?
3. Will the project be a part of the suggested learning and/or requirements in both the 4-H project and school projects?

If you can honestly answer YES to the above questions, then you can legitimize combining the two projects.

However...

1. If you wait to enroll in a 4-H project after the school project is completed and select a “project” that fits the completed school project...or
2. If you do no advanced planning but instead decide at the last minute to enter the completed school project at the fair because it's done. . .then. . . the project is not considered eligible as a 4-H project.

Take time now and pre-plan...it will save you from confusion in the end.

Note: There may be some specific rules for exhibiting at the county fair (i.e., if you have entered an item you made at school, you may also have to enter an item you make at home). Please refer to the fair paper to make sure you are able to meet the requirements for exhibiting at the fair.

GENERAL GUIDELINES ON COPYRIGHT

4-H exhibitors (individuals or group) should avoid using copyrighted materials whenever possible by originating his/her own work. A 4-H member or group should use with caution a copyrighted and/or trademarked product or service (a brand name, label or product). The intent of using the copyright or trademark materials for educational purposes such as an exhibit, educational poster/display or public presentation is acceptable under the "Fair Use" (legal use) provision.

"Fair Use" is a provision of the current copyright law that allows reproduction without payment or permission of limited portions of a copyrighted work for educational and other public interest purposes. Regardless of the "Fair Use" provision, the reference that a specific name brand project is good or bad inherently or through comparison must be done cautiously, using acceptable research/comparison methods and have a disclaimer that the conclusions are those of the 4-H participant and not those of K-State Research and Extension.

A copyright and trademark are legal methods used by writers, artists, corporations and others to protect their original work. Protected items may range from books to music and logos to computer graphics. Copyrighted and/or trademarked materials utilized in banners, displays, demonstrations, posters or other activities for endorsement or promotion instead of educational purposes will be disqualified and will not receive ribbon and premium and will not be displayed.

The use and inclusion of specific brand names for educational purposes does not imply endorsement or refusal by the Department of Extension 4-H Youth Programs, Kansas State University Agriculture Experiment Station and Cooperative Extension, or the State of Kansas.

RECORD KEEPING – FOR ALL 4-H FAMILIES, ESPECIALLY NEW FAMILIES

Record keeping is something that is expected of 4-H members and can be beneficial in receiving recognition for the completed 4-H year at the Celebration of Achievements. There are two types of records - Permanent Records which are a summary of 4-H activities for the year, and Project Records with a record completed for each project in which the 4-H member is enrolled. The following is a checklist to help complete the Permanent Records and the application for the Achievement Pins. Please talk with your club's New Family Coordinator or Organizational Leader for help in understanding how to use this information. Questions may also be addressed to the District-wide Master 4-H Volunteer for New Families, Linda Baumberger (rlbaumber@sbcglobal.net).
